
RN Case Manager

Contract Position with Pension & Benefits (until March 31, 2024) with possibility of becoming permanent.

The Fort Frances Family Health Team is looking for a full-time contract Registered Nurse Case Manager. This is an exciting opportunity for a RN to guide patients experiencing mental health and other complex care issues through the health care system by providing support, education, advocacy, referral and brief counselling services within a team-based setting.

Skills and Qualifications

- The RN will be responsible to provide instruction, direction and effective oversight of the health care system to patients of all ages with chronic care and mental health needs within a multi-disciplinary team.
- Provides nursing care according to RN scope of practice and CNO standards.
- Experience in primary care and chronic disease management, mental health, health promotion and coordination of services.
- Knowledge of the health care system, diagnosis, treatment options and available resources.
- Understands barriers to healthcare access and the strategies required to support an equitable, patient-centred health care experience.
- Experience working with vulnerable and at-risk populations.
- This position will report to the Nursing Supervisor and will work closely with other members of the healthcare team.
- Registered and in good standing with the College of Nurses of Ontario as a RN.
- Current RNAO membership; evidence of liability insurance as per college standards.
- Strong clinical, organizational and interpersonal skills.
- Strong computer skills and familiarity with electronic medical records system is an asset.
- Proof of COVID vaccinations or medical exemption required.

All qualified applications should be sent to:
